

LICENSE TO DRIVE IMMERSIVE SPACES

Crawley College is proud to showcase the potential of its fully immersive rooms, where 360° content comes to life across walls and floors. These spaces allow users to experience real-life or imagined scenarios in detail, incorporating interactive elements that simulate environments with lights, sounds, and even smells.

Bookable anytime

DURATION

2 hours

LOCATION

Crawley College

COST

£20

ABOUT THE COURSE

Each immersive space includes access to a content library of over 3,000 computer-generated scenarios, real-world environments, games, and training experiences. These spaces can be used for a variety of purposes, such as:

- Training paramedics in simulated, gamified emergency situations
- Recreating fan experiences at sporting events
- Exploring historical moments through interactive storytelling

WHO CAN JOIN?

No prior experience is required. This course is ideal for anyone looking to get started with Immersive Spaces, learning how to:

- Activate an account and navigate the immersive studio
- Explore pre-built lessons and experiences
- Understand how to integrate immersive spaces into learning or training environments

Tutors will provide hands-on guidance, making this a perfect introduction for those who may later want to develop their own immersive content through the Immersive Learning course.

NEXT STEPS

Upon completion, participants will receive a college certificate. Those looking to expand their skills further can progress onto a Certificate in Immersive Learning.

Please note: All courses are subject to demand and tutor availability. Course fees and details are accurate for the current academic year.
