Our institute brings together universities, colleges, and industry partners across Sussex and Surrey to offer a new kind of education, preparing you for the jobs of tomorrow.

We provide courses in engineering, manufacturing, digital, construction, and leadership, with options including apprenticeships, short courses, and higher education degrees - all designed with your future in mind.

Take a look at our IoT building next to the STEM reception, and stop by Café 58 to meet our IoT team and learn more.
